

I believe that KLOVE radio in the Medford, Oregon area is a very good thing. It touches a lot of people who might have lost hope in life, and because of KLOVE being available, it give people a source of hope by providing people to them to talk to.

I think that if KLOVE were to lose their license for their repeater here in Medford that we would have more suicidal people in the valley, this IS a public service.

There's an old saying, that if it aint broken don't fix it.

This station has even kept me in a right perspective with my Daddy in heaven and this has kept me on an even keel when I think things are at their worst.

Thank you for your time, and may GOD bless you.
